DEVELOPMENT DEPARTMENT

No. 2601 /D1/51. t. 14-2-52. Dev 17357 MT/52 16.2.52

Sub: Industries-Sericulture - Government silk filatures, Kollegal, purchase and installation of silk twisting plant - Sanction of additional expenditure - proposals.

Ref: G.O.No. 3819/Development/ dated 19-7-48.

In the G.O. cited above, Government sanctioned a non-recurring expenditure of Rs. 3,75,000/- for the establishment of a silk Twisting plant, as an adjunct to the Government Silk Filatures, Kollegal, for the manufacture of twisted silk. Accordingly, orders were placed with Messrs. Braby & Co., Madras for the supply of the following machineries and accessories at a total cost of $ 68411.56 as detailed below:

1. Staining on skein to bobbin winding machine of 100 spindles.	3 Nos.	$. 3930
2. Utility Double Deck-up twisters of 200 spindles.	11 Nos.	$. 31350
3. 5-Ring Doubling and twisting machine of 100 spindles each	3 Nos.	$. 10050
4. Utility Double Deck-up twisters of 200 spindles (for doubling and second twist)	4 Nos.	$. 11400
5. Bobbins.		$. 8354
6. Spare Parts.		$. 3327.56
		$. 68411.56

2 As the twisting plant ordered was of small size only with a production capacity of 50 lbs. in a shift of 8 hours instead of 100 lbs. as originally envisaged it was anticipated that there would be savings to the extent of Rs. 1.25 lakhs. It was therefore proposed in this office letter No. 186/D1/49 dated 1-3-49 to utilize the savings for the purchase of a set of silk Twisting machinery of local make and a set of power looms and Government were pleased to sanction a sum of Rs. 23,000/- for the purchase of the former and called for detailed proposals regarding the purchase of the power looms vide G.O.No. 3076 Development dt. 7-6-49.

3 During 1949 devaluation of Rupee interms of American Dollars to the extent of 30% was announced and I reported in this office letter no. 186-D1/49. dt. 23-9-49 that the anticipated saving of 1.25 lakhs from out of sanction

p.t.o./

of Rs: 3.75 lakhs consequently might not become available to enable purchase of both silk power-looms and twisting machinery of local make, Subsequently in this office letter No. 186/D1/49. dt. 18-11-49 I had promised to submit further report to Government as soon as the Atwood Silk Twisting machinery was imported, the actual excess expenditure that would have to be incurred.

4 The twisting machinery and bobbins ordered with Messrs. Braddy and Co., have since arrived and the supply of spare parts only is awaited. I enclose a statement furnished by the Sericulture Expert, showing details of the actual expenditure incurred so far, as also of the expenditure yet to be incurred for purchasing the remaining items of equipments detailed in annexure to the G.O. cited above. It will be seen from the statement that a sum of Rs.1,12,500 over and above the sum of Rs.3.7 lakhs is required now to complete the scheme. The reasons for the increase in expenditure already explained, are:

i) Devaluation of Rupee in terms of Dollars which was not anticipated and the consequent increase in the cost of machinery by about 30%;

ii) Cost of twisting machinery of local make was not included in the original estimate.

5 In the above circumstances, I request that Government may be pleased to sanction an additional expenditure of Rs.1,12,500 to enable me to purchase the remaining equipments detailed in the annexure to the G.O. cited above, and thereby complete the scheme. The expenditure is debitable to "72.Capital outlay on Industrial Developments -a.Investments in Government Commercial undertakings-c.Govt. Silk Filatures".

For Director of Industries and Commerce.

No. 2601-D1/51 dated the 17th March, 1952 32015

Sir,

Sub:- Industries - Government Silk Filatures, Kollegal - Purchase & installati of twisting plant - additional expenditure.

Ref:- Development Memo No. 17357-1-M1/52 dated 22--2--52

I enclose a statement, submitted by the Sericultural Expert, Government Silk Filatures, Kollegal, furnishing the items of machinery etc., detailed in the annexure to G.O. No. 3819 Development dated 19-7-48 sanctioned cost of each item, price of each item according to the orders placed with Messrs. Brady and co., in Dollars and also in rupees and the enhanced price in view of the devaluation of rupees, as desired by Government in their memo cited above.

2. In my letter No. 2601-D1/51 dated 12-2-52, I have sought for sanction of an additional amount of Rs. 1,12,500/- but from the statement now enclosed it is seen that the total additional amount required is Rs. 1,14,600/-. This increase is due to the fact that the actual cost of bobbins which have been received recently, has been provided for. An explanatory note is also enclosed along with the statement.

for Director of Industries and commerce.

Explanatory Note to accompany the Statement.

1. The items of machinery indicated in the annexure to the G.O.Ms.No.3819 dated 19-7-1948 do not correctly correspond to the items of machinery ordered after the quotations were accepted. The items of machinery in the annexure to the G.O. were prepared and shown in our proposals on the basis of an estimated output of 100 lbs. of organzine. When quotations were called for, Messrs. W.H.Brady & Co., quoted for an up-to-date American machinery which do have high efficiency and which do not correspond in so far as specifications of the machinery are concerned to the local types of twisting machinery. Hence the x name and the cost of the machinery ordered for, will not correctly correspond to the items shown in the annexure to the G.O.

2. As there was likely to be long delay in the arrival of American machinery, a few sets of local twisting machinery were purchased at a total cost of Rs.22,085-6-0.

3. As per the xxx advice of Messrs. W.H.Brady & Co., orders for certain spare parts for the Atwood Twisting Machinery at a cost of Rs.16,695-0-0 (approximate) were placed. Actual amount of expenditure will be known after the receipt of the goods. Provision of funds on this account will have to be made.

4. Other items of machinery such as 3 reeling machines of 4 reels warping and beaming machines have to be purchased locally. One x reeling machine of local type was got along with the local twisting machinery.

5. A provision of Rs.25,000 was made towards the purchase of aluminium tubes and bobbins etc. but actually the Italian bobbins which were received from Italy, cost Rs.52,796-8-6. Extra provision of funds is therefore necessary.

6. A Humidifier of foreign make is necessary. Purchase may have to be made later when additional funds asked for are sanctioned.

7. Expenditure on water supply and electrical installations is necessary and necessary action will be taken within the sanctioned allotment of funds

8. Provision of Rs.8,500/- is made under erection charges. The erection work is proceeding now and necessary expenditure is being incurred.

Memo No.17357-1. MI/52, dated 22-2-1952.
From the D.I.& C. No.2601, DI/51, dt. 17-3-1952.

In G.O. 3819 Dev. dt. 19-7-48, the Govt. sanctioned a non recurring expenditure of Rs. 3,75,000/- for the establishment of a Silk Twisting plant at Kollegal as an adjunct to the Govt. Silk Filatures, for the manufacture of twisted Silk. Accordingly the D.I.& C. placed orders with M/s. Brady & Co. for the supply of the machineries and accessories at a total cost of ß. 68411.56. Subsequently it was reported by the D.I.& C. in his letter dated 1-3-49 that as the Twisting Plant ordered was of small size only, with a production capacity of 50 lbs. in a shift of 8 hours instead of 100 lbs. as originally envisaged, there would be savings to the extent of Rs. 1.25 lakhs and the D.I.& C. proposed to utilise the savings for the purchase of asset of Silk Twistin machinery of local make, and a set of powerlooms. The Govt. in G.O.(Ms) 3076 Dev. dt. 7-6-49, sanctioned a sum of Rs. 23,000/- for the purchase of a Silk twisting, winding, doubling machinery, and called for detailed proposals regardi the purchase of powerlooms.

(In G.O.(Ms.) 4025 Dev. dt. 8-9-51, Govt. sanctioned a non recurring expenditure of Rs.1,00,000/- for the installation of 20 powerlooms in the Government Silk Filatures, Kollegal). The D.I.& C. in his letter dt. 23-9-1949, pointed out that the anticipated saving of Rs.1.25 lakhs from out of the sanctioned amount of Rs. 3.75 lakhs might not become availabl to enable the purchase of both silk powerlooms and twisting machinery of local make due to the devaluation of Rupee in terms of American Dollars, and promised to submit a further report to Govt. as soon as the Atwood Silk Twisting machinery was imported, and the actual excess expenditure that would have to be incurred.

2. Attention is now invited to the correspondence in the c.f. The D.I.& C. has now pointed out that the (twisting)

twisting machinery etc. have since arrived and that the Mcb C. supply of spare parts only is awaited. With this letter on p. 7 c.f. the D.I.& C. has furnished a statement showing the value of the machinery etc. according to the orders placed, actual amount paid in terms of dollars and in terms of rupees, machinery purchased locally and value of machinery yet to be purchased. An abstract of the statement is prepared in office is put up at (D).
